LOW EMI

SuperClear® AH-IPS Enhancement Technology with wide viewing angles

SuperClear® AH-IPS Enhancement Technology delivers the best colour performance and extends display viewing angles to 178 degrees both horizontally and vertically. Experience accurate and vivid colours with consistent levels of brightness whether looking at the screen from above, below, the front, or the side—with no colour distortion or decay.

IPS

ViewSonic Flicker-Free viewing for improved eye comfort

ViewSonic flicker-free displays deliver on the promise of more comfortable viewing. ViewSonic

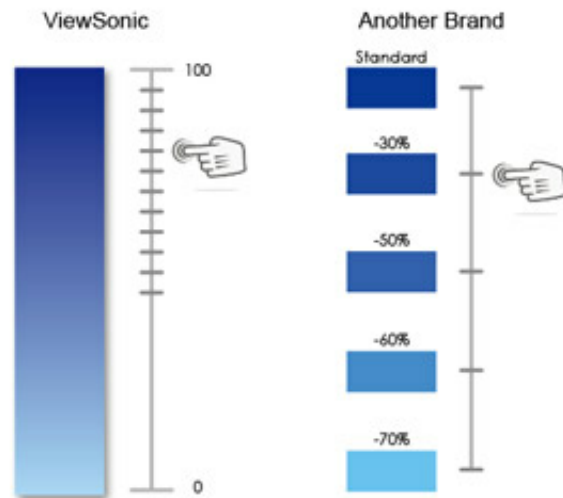

Blue light filter for more comfortable viewing

Prolonged exposure to certain levels of blue light can cause eye discomfort. ViewSonic displays

flicker-free technology nearly eliminates screen flickering at all brightness levels by providing a constant LED light source. This lets you work at your computer, play games, or watch movies longer – without eye fatigue. Care for your eyes with ViewSonic flicker-free technology!

feature a Blue Light Filter setting that allows users to adjust the amount of blue light emitted from the screen, enabling longer viewing times and increased eye comfort for work and multimedia applications.

ViewMode: Superior Color Rendering & Intuitive Settings

ViewSonic's unique ViewMode feature offers "Game," "Movie," "Web," "Text," and "Mono" presets. These presets enhance gamma curve, color temperature, contrast, and brightness to deliver an optimized viewing experience for different screen applications.

MEPS Energy Star Certification for Low Energy Consumption

VX2573-sg meets the MEPS (Minimum Energy Performance Standards) with a 5.5 star, certified by Australia. The MEPS is equivalent to international best practice standards or a more stringent standard developed specifically for Australia or New Zealand. Based on official statistics comparing with other international monitor brands, VX2573-sg earns the lowest Comparative Energy Consumption and Active Standby power among all the 25" models selling in Australia, which means that undergoing a rigorous assessment, it does fulfill strict regulation and efficiently decrease energy and electricity consumption greatly, and can save up to 25% on energy cost while reducing greenhouse house.

Full HD 1080p Resolution

VX2573-shw carries Full HD 1920 x 1080 resolution that enables users to discover more delicate details and more comprehensive contents. You'll experience the most amazing clarity and details

MHL functionality for easy connection to mobile devices

Integrated with Mobile High-Definition Link (MHL), the VX2573-shw enables users to connect

whether it be while do video watching, photo viewing, or multimedia entertaining.

compatible mobile devices, such as smartphones and tablets, directly to the VX2363Smhl-W display. This allows digital content from mobile devices to be viewed in stunning Full HD resolution on the larger screen of the VX2573-shw, while also simultaneously charging the batteries of the mobile device.

Mercury-Free LED Backlighting and Eco-mode Conserves More Energy

LED backlighting not only enhances monitor performance, delivers an outstanding color range, and adjusts contrast ratios for remarkably detailed images, but it's also eco-friendly, mercury-free, and uses less energy than conventional monitors. Eco-mode adjusts brightness and improves visibility, while reducing eye fatigue and prolonging the monitor's lamp life. With Eco-mode, the lifespan of the LED backlighting is also greatly increased.

Technical Specifications

Model No.: VS16073

LCD	Type	25" Wide Color IPS LCD (AH-IPS Panel)
	Display Area	25 inch

	Optimum Resolution	1920x1080
	Contrast Ratio	1,000:1 (typical), 80,000,000:1 (DCR)
	Brightness	250 cd/m ² (typ)
	Viewing Angles	178°/178°
	Response Time	5ms (GTG σ)
	Panel Surface	Anti-Glare type, Hardness 3H
	Light Source	30,000 Hours
	Colors	16.7 M
Video Input	Frequency	Fh: 24-82KHz; Fv: 50-75Hz
	Sync	Separate Sync/Composite Sync/Sync on Green
Compatibility	PC	1920x1080 (Non Interlaced)
	Mac	1920x1080
Ergonomics	Tilt	15°~ -5°
Connector	Analog	VGAx1
	Digital	HDMI, HDMI(MHL)x1
	Audio	Out: 3.5mm plug x1; In:3.5mm plug x1
	Power	External Adapterx1
Audio	Speakers	2W x2
Power	Voltage	AC 100-240V (Universal); 50/60 Hz
	Consumption	25W ; 20W (Optimize) ; 17W (Conserve)
Operating Conditions	Temperature	32°F to 104°F / 0°C to 40°C
	Humidity	10% to 90% (no condensation)
Dimensions	Physical	577mm (width) x 438mm (height) x 190mm (depth)
Weight	Net	4.0 kg
Regulations		BSMI, CB, CCC, VCCI, MEPS, CE, WEEE, RoHS 2, REACH, EPEAT Silver
