

Exceed Your Imagine with Ultra-Sharp View, High Bright and Network World

ViewSonic
See the difference™ 

PJD7325

4,000 High Brightness with cable management hood high-end LightStream Projector

The ViewSonic networkable LightStream™ PJD7325 XGA projector features 4,000 lumens, XGA 1024x768 native resolution, an intuitive, user-friendly design and a sleek black chassis. Exclusive SuperColor™ technology offers a 6-Segment Color Wheel - 15%+ color brightness, for true-to-life image projection, while SonicExpert™ technology powers a 16W cube speaker to deliver incredibly clear and audible sound. PortAll™ - a neatly designed enclosed HDMI/MHL connection compartment, supports wireless HDMI

dongles or MHL connectors, while a cable management hood eliminates unsightly cable clutter. With a HV keystone, 4 corner adjustment, a programmable remote control, easy-access top lamp, and other smart design, the PJD7325 provides flexible setup and 28dB quiet operation. The PJD7325 is the ideal high-brightness projector for use in both classroom and corporate settings.

SuperColor™ : Best in Class Color Accuracy

ViewSonic's proprietary SuperColor™ Technology offers a wider color range than conventional DLP® projectors, ensuring that users enjoy realistic and accurate colors. With an exclusive color wheel design and dynamic lamp control capabilities, SuperColor™ Technology projects images with reliable and true-to-life color performance, in both bright and dark environments, without sacrificing image quality. Striking an ideal balance, ViewSonic's SuperColor™ 6-Segment Color Wheel decreases the white segment that may cause washed out images, while increasing the yellow and cyan segments - for images that are both exceptionally bright and well-saturated. It maximizes brightness increased by 15% or more with the highest color saturation over others in the same class.

Bright Images Less lighting limitations

Packed with 4,000 lumens and a high contrast ratio 20,000:1, the LightStream projector is guaranteed to produce bright images in any environment - even in rooms with high ambient light.

SonicExpert™ Technology

The ViewSonic's proprietary SonicExpert™ technology incorporates a 16W ported speaker chamber and a more powerful amplifier to deliver a full 20Hz - 20Khz sound range. SonicMode The exclusive SonicMode sound settings deliver optimized audio performance for presentations, video clips and music.

Remotely Monitor and Control up to 256 Projectors

All LightStream PJD7 projectors come equipped with Crestron RoomView Express, an easy-to-use network management system that lets administrators remotely monitor and control up to 256 LightStream projectors from a single PC.

PortAll™ : Secure MHL/HDMI Port

ViewSonic's exclusive PortAll™ feature—a hidden compartment with an integrated and secure MHL/HDMI port that lets you discretely stream multimedia content from a wireless dongle, or lets you connect to other devices via an HDMI cable. * ViewSync® WPG-300 dongle is optional

Smart Design

The cable management hood connects onto the back of the projector to hide unsightly cable clutter and exposed ports. An easy-access top lamp door enables simple lamp maintenance and replacement. The tactile keypad is raised with concave buttons that assist in making projector set up easier in dark environments.

28 dB Quiet Operation, Unique Thermal Design to Decrease Noise

Cooling Case To cool down the projector lamp, ViewSonic has designed a special mechanical structure to address this thermal challenge. Air can flow smoothly from one end of the projector to the other without constriction. Intelligent Fan An advanced built-in thermal sensor and control design with a big-sized fan effectively keeps the LightStream™ projector cool while intelligently minimizing fan speed, reducing noise, and saving on energy consumption.

Dual 3D Blu-ray Ready HDMI Inputs

Designed with two HDMI ports, this projector can display 3D images directly from 3D Blu-ray players—perfect for connecting to any HDMI-enabled device.

Balanced Color and Brightness

A choice of 5 unique view settings provide the best possible viewing experience in any environment regardless of ambient light.

Side Projection with Horizontal and Vertical Keystone Correction with 4 corner adjustment

Horizontal and vertical keystone correction with 4 corner adjustment features eliminate crooked and distorted images for a perfectly proportioned picture every time. No matter the size of the room, the projector does not have to be placed directly in front of the projection. When the projector is placed non-perpendicularly to the screen, this feature can still help produce the ideal image quality that supports short-distance projection, provides flexible installation, and saves projection space. 3LCD Projector Replacement And with a throw ratio ranging from 1.49 to 1.79, this projector keeps the functional 1.5 – 1.8 throw ratio of 3LCD projectors without costly 3LCD panel replacements, improved value without increased cost. Moreover, installers don't need to move or re-install existing projector mounts. *1.5 – 1.8 throw ratio means about 50" projection from 1.5 m – 1.8 m away.

Programmable Remote Control

A programmable hotkey "MyButton" can be

App- ProjectorDistance App for Quick

configured to launch the most commonly used functions. Control up to eight projectors in the same venue or from a mobile device via free V-remote app.

Projector Position Preview

No matter small meeting room, middle classroom, or big hall, ProjectorDistance tells you how far the projector should be placed according to the room ceiling height, projector's screen size, aspect ratio, etc. Just input several figures, the result will be displayed in the simulation scenarios with measurement. You can use finger to adjust the distance instantly.

App- The world's pioneer ProjectorExpert APP Cover all completed projector applications at once!

ProjectorExpert APP contains all ViewSonic projector product information, projection distance measurement, ViewSync wireless introduction, industrial application case study, news messages, etc.. It integrates all projector related information and can be as general users' perfect assistant when choosing or installing projectors, providing users' a platform with convenient and sufficient information as well as to become dealers, distributors, system integrators' portable tool which can check instantly.

Model No.: VS15991

Technical Specifications

DISPLAY	Type	TI DMD 0.55
	Resolution (Native)	1024(H) x768(V)
	Zoom Factor	1.1x
	Focus / Zoom	Manual / Manual
	Keystone	+/- 30° (Horizontal / Vertical)
	Display Size	30" ~ 300"
	Throw Distance	1.2 m ~ 13.1 m
	Throw Ratio	1.95 ~ 2.15
	Lamp Power	250 W
	Lamp Life	3000 / 7500 (hours)(Normal / Sleep Mode)
	Brightness (Max.)	4000 Lumens
	Contrast Ratio (Max.)	20000:1
	Color Depth	1.07 Billion Colors (30 bits per color)
	Optical Offset	130 % +/-5%
AUDIO	Speaker	16W Cube x1
INPUT SIGNAL	Video	480i and 576i, 480p and 576p, 720p, 1080i, 1080p
	Frequency (H/V)	15 ~ 100 KHz / 24 ~ 120 Hz
COMPATABILITY	PC	1920x1080@60Hz
	Mac	1920x1080@60Hz

CONNECTOR	VGA Input	x2
	VGA Output	x1
	Digital Input	HDMI (1.4a) x1 / HDMI (MHL2.0) x1
	Composite Input	RCA x1
	S-Video Input	x1
	Component	x2 (Share with VGA input)
	Audio Input	3.5mm mini jack x2
	Audio Output	3.5mm mini jack x1
	Microphone in	Share with Audio in 2 connector
	Control	RS-232
	USB	Type A x1 (Power Charging) / Mini type B x1 (Maintenance and mouse control)
	Lan	RJ45
POWER	Voltage	100~240Vac 50/60Hz (Auto Switching)
	Power Consumption	315 W (Max.)
	Standby	<0.5W
OPERATING CONDITION	Temperature	0°C ~ 40°C (32°F ~ 104°F)
	Humidity	10% ~ 90% (non-condensing)
	Altitude	0 ~ 6,000 ft, operational up to 10,000 ft at reduced reliability and performance
NOISE LEVEL	Normal / Eco Mode	32dB / 28dB
DIMENSIONS	Physical (W×H×D)	362 x 231 x 109 mm/ 14.25" x 9.09 " x 4.29"
WEIGHT	Net	2.8 kgs / 6.17 lbs
REGULATIONS	CB, TUV, GS, UL, CCC, CE, FCC,C-Tick, ROHS, REACH, SVHC, WEEE, ErP, EAC, UkrSEPRO/EMC DOC, UL COC, TUV-S Mark(Argentina), PSB, KCC, KC, SASO, CECF	
PACKAGE CONTENTS	Power Cord, 1.8m, black x1 / VGA Cable, 1.8m, black x 1 / Remote Control with Batteries (With Laser pointer) x1/ Quick Start Guide (one sheet version) x1 /ViewSonic CD Wizard (With User Manual) x 1 /Cable Cover x1
