

23" Full Eye Care AH-IPS 2ms Stylish Display

ViewSonic
See the difference™ 

VX2363S

The ViewSonic VX2363S is a high-performance 23" (23" viewable) Full HD LED value display designed for home entertainment and work applications. The VX2363S features SuperClear® image enhancement technology and wide viewing angles to deliver superior, consistent color performance. With Full HD 1920 x 1080 native resolution, color management, 2ms (GTG Delta) response times and our exclusive one-touch game mode hotkey, this display provides clearer, more accurate images for web surfing, photo sharing, movie watching and gaming. The VX2363S features a 100mm x 100mm VESA-compliant mount for flexible installation, Eco-mode for increased energy savings, and a premium frameless bezel design with glossy

finish in black. D-Sub/DVI inputs are also included for more versatile connectivity.

Sleek Frameless Bezel Design

The distinctive and stylish ViewSonic's VX2363S fuses a frameless bezel design into simple black glossy design, to provide users a seamless display.

SuperClear® Image Enhancement Technology with wide viewing angles

SuperClear® Image Enhancement Technology delivers the best colour performance and extends display viewing angles to 178 degrees both horizontally and vertically. Experience accurate and vivid colours with consistent levels of brightness whether looking at the screen from above, below, the front, or the side—with no colour distortion or decay.

ViewSonic Flicker-Free viewing for improved eye comfort

ViewSonic flicker-free displays deliver on the promise of more comfortable viewing. ViewSonic flicker-free technology nearly eliminates screen flickering at all brightness levels by providing a constant LED light source. This lets you work at your computer, play games, or watch movies longer – without eye fatigue. Care for your eyes with ViewSonic flicker-free technology!

Blue light filter for more comfortable viewing

Prolonged exposure to certain levels of blue light can cause eye discomfort. ViewSonic displays feature a Blue Light Filter setting that allows users to adjust the amount of blue light emitted from the screen, enabling longer viewing times and increased eye comfort for work and multimedia applications. It offers 100 levels of blue light filtering to relax users' eyes and adapt to all your daily digital activities.

ClearMotiv® II ultra-fast 2ms response times for blur-free action

ViewSonic's exclusive ClearMotiv® II imaging technology delivers ultra-fast 2 millisecond liquid crystal response times, creating smooth images without streaking, blurring or ghosting. This blazing-fast response time is perfect for the most graphic-intense gaming needs, and just as great for watching sports or action movies. With ViewSonic's VX2363S, experience digital broadcast-quality, full-motion graphics with razor-sharp images that never blur.

Energy-Saving LED Backlight with a long lifespan

The VX2363S utilizes an energy-saving LED backlight that consumes 35% less power than conventional CCFL backlight displays, and has an extended lifespan of up to 30,000 hours. This provides for a lower overall cost of ownership, along with a higher ROI, making this display a great long-term investment.

ViewMode settings for digital content

Enjoy excellent performance and accurate colour rendering for everything you view on this display. With 5 different scenario presets, ViewSonic displays offer best-in-class calibration techniques to bring you the best digital viewing experience. This includes Game, Movie, Web, Text, and Mono presets to enhance black levels in games and movies, colour luster for online images, and colour temperature for reading text.

Eco-mode conserves more energy and cuts costs

ViewSonic's proprietary Eco-mode energy-saving feature is built into all LED displays, offering "Optimize (75%)" or "Conserve (50%)" settings that save up to 25% in electricity costs. In low ambient light, Eco-mode adjusts brightness and improves visibility, while reducing eye fatigue. With Eco-mode, the lifespan of the LED backlighting is also greatly increased.

VESA-Mountable

The ViewSonic VX2363S features a 100 x 100mm VESA-mountable design that allows you to mount the display on a monitor stand or on a wall, depending on your specific needs. You can easily detach the base by unscrewing four screws and then mounting the display on its new stand or wall mount.

Technical Specifications

LCD	Type	23" diagonal color active matrix TFT LCD (AH-IPS Panel)
	Display Area	23 inch
	Optimum Resolution	1920x1080
	Contrast Ratio	1000:1 (typical), 50,000,000:1 (DCR)
	Brightness	250 cd/m ² (typ)
	Viewing Angles	178°/178° (typ)
	Response Time	2ms GTG Delta
	Panel Surface	Anti-Glare type, Hardness 3H
	Light Source	30,000 Hrs
	Colors	16.7 M
Video Input	Frequency	Fh: 24-82KHz; Fv: 50-75Hz
	Sync	Separate Sync/Composite Sync/Sync on Green
Compatibility	PC	Up to 1920x1080 Non Interlaced
	Mac	Up to 1920x1080
Ergonomics	Tilt	15°~-5°
Connector	Video	D-Sub x1 / DVI x 1
	Power	External Adapter , 3-pin plug (CEE22) x1
Power	Voltage	AC 100-240V (Universal); 50/60 Hz
	Consumption	21W; Optimize:18W; Conserve:15W
Operating Conditions	Temperature	32°F ~ 104°F / 0°C ~ 40°C
	Humidity	10% to 90% (no condensation)
Dimensions	Physical	531.9mm (width) x 405.8mm (height) x 164mm (depth)

Weight	Net	3.2 kg
Regulations		BSMI,PSB,MEPS(Rating:5),SASO,VCCI, Energy Star 6.0, FCC-B,EPEAT Sliver, CB, CCC,CE,EEI, ErP,REACH, RoHS2, WEEE
Wall Mount		VESA®100 x 100 mm
Package Contents		Power Cable, Adaptor, Quick Start Guide, ViewSonic Wizard CD-ROM
