

The ViewSonic VA1921a 19" (18.5 viewable) widescreen LED display is the ideal choice for corporate and educational use. Eco-friendly, it adopts mercury-free LED backlight and comes with pre-set Eco-mode brightness settings that save up to 40% in energy costs and extend backlighting lifespan. Plus, with a 16:9 aspect ratio, 1366x768 native resolution and 5ms response time, the VA1921a provides smooth and crisp image performance for all your high-definition content. D-sub input, Windows 8 compatibility and VESA wall mount compliance also come included.

16:9 widescreen optimized for HD content

The VA1921a is a 16:9 widescreen LED display with 1366x768 native resolution that is designed for all types of high-definition multimedia content. This widescreen aspect ratio makes it the perfect display for multitasking and improving productivity in the workplace.

Eco-friendly mercury-free LED backlighting

ViewSonic's eco-friendly, mercury-free LED backlighting enhances display performance by delivering a brighter range of colors for remarkably detailed images. LED backlighting conserves energy by up to 25% when compared with conventional models, and gives the display a slimmer profile.

Eco-mode conserves more energy and cuts costs

ViewSonic's proprietary Eco-mode energy-saving feature is built into all LED displays, offering "Optimize (75%)" or "Conserve (50%)" settings that save up to 25% in electricity costs. In low ambient light, Eco-mode adjusts brightness and improves visibility while reducing eye fatigue. With Eco-mode, the lifespan of the LED backlighting is also greatly increased.

Fast 5ms response time delivers smooth, crisp images

The VA1921a display delivers a fast 5-millisecond liquid crystal response time, smoothly rendering HD graphics and multimedia entertainment, without streaking, blurring or ghosting. It's the right choice for displaying digital broadcast-quality video clips, full-motion graphics and razor-sharp images that never blur.

VESA compliance provides flexible mounting options

This display is compliant with 100mm x 100mm VESA-mountable design that allows you to mount the display on a monitor stand or on a wall, depending on your specific needs. You can easily detach the base by unscrewing four screws and then mounting the display on its new stand or wall mount.

Technical Specifications

LCD	Type	18.5" HD LED Backlit Display
	Display Area	18.5 inch
	Optimum Resolution	1366x768
	Contrast Ratio	80,000,000:1 (ViewSonic Advanced Contrast Ration)
	Brightness	200 cd/m ² (typ)
	Viewing Angles	90° (H) / 65° (V) (typ)
	Response Time	5ms
	Panel Surface	Anti-Glare type, Hardness 3H
	Light Source	30,000 hrs (min)
	Colors	16.7M
Video Input	Analog	RGB Analog (75 ohms, 0.7 / 1.0 Vp-p)
	Frequency	Fh: 24-82KHz; Fv: 50-75Hz
	Sync	Separate Sync
Compatibility	PC	VGA up to 1366x768 Non Interlaced
	Mac	Power Mac (up to 1366x768)
Connector	Analog	DB-15 x1
	Power	Internal Power Adapter 3-pin plug (CEE22) x1
Power	Voltage	AC 100-240V (Universal); 50/60 Hz
	Consumption	15 W (typ), Optimize:11 W (typ), Conserve:10 W (typ)
Operating Conditions	Temperature	32°F ~ 104°F / 0°C ~ 40°C
	Humidity	10% to 90% (no condensation)
Dimensions	Physical	444.3mm (width) x 336.9mm (height) x 171.8mm (depth)
Weight	Net	2.8 kg
Regulations		Windows 8
Wall Mount		VESA® 100x100 mm
Package Contents		LED Display, Power Cable, D-Sub Cable, Quick Start Guide
